Run on Correction *Remember to do on google.docs. You are correcting these sentences so they are no longer run ons. You must type the complet set of words for each number. You cannot correct a run on with just a comma. You must use a period and capital letter or a comma AND a conjunction (and, but, yet, etc.)

1. I like playing tennis it makes me tired.

2. I love cake, I love chocolate, white chocolate is my favorite.

3. I don't want much for my birthday I just want some books and dolls.

8. Zack is going to the store, he forgot his wallet.

9. The meeting was long, it lasted until midnight.

10. We ate breakfast, we went to work afterwards.

Fragment Correction *For fragments, what usually happens is a part of the sentence gets away from the main part of the sentence. So to correct them, you need to see where to put them back together. A sentence has to have a subject and verb, and it must have a complete thought. Watch out for words like –when, after, while, though, etc. They can be fixed by using commas or just by taking out a period and making a capital letter lowercase.

1. Even though we are supposed to be practicing social distancing. They went to the store.
