

PICTURE DAY IS MONDAY, SEPTEMBER 28TH!!!

Dear parents,

Picture Day is
Monday, September 28th first thing in the morning! (before 9:45)
Photographer: Emily Rosio of Rosio Photo LLC

How It Works:

On Picture Day, Emily will photograph the high school students as they arrive, and then the elementary will come over with their class. After Picture Day, Emily will carefully retouch and edit each child's images. Once the photos are ready, your child will come home with a link to a password-protected online gallery containing their pictures. You will be able to view the proofs online and choose which images you would like to purchase. Watermarks will be removed from purchased images.

Purchasing Options:

You will have a few options for purchasing your child's photos. This gives you the flexibility to choose the images and products that work best for your family.

Digital downloads: Purchase the digital images and print them yourself through your preferred printing service.

Professional prints: Order prints directly through www.rosiophoto.com

What to Wear:

Students should come to school dressed and ready to smile! Please choose an outfit that you feel represents your child and that you would be happy to see in their school pictures. Outfits must adhere to the school dress code.

Important Reminder:

There will not be a make-up Picture Day. Please make every effort to have your child present at school on September 28th first thing in the morning, so they have the opportunity to have their picture taken.

Blessings,
Emily Rosio
